GABRIEL TANABE

Santa Rosa, Laguna | +639496214770 | tanabe.gab@gmail.com | gabtanabe.vercel.app

PROFESSIONAL SUMMARY

Software Developer and Computer Science student specializing in Machine Learning, with experience spanning backend development, web and mobile interfaces, and relational database design. Brings a competitive programming background and experience leading technical workshops and peer mentoring. Interested in applying machine learning to applications that extend beyond standalone models.

WORK EXPERIENCE

AMS ENVIRONMENTAL MANAGEMENT CORPORATION Santa Rosa, Laguna
Software Engineer Jun 2026 – Dec 2026

- Engineering a centralized HRIS for AMS and Milestone, connecting applicant intake, hiring, and deployment across 2 companies through self-service applications and unified personnel records to eliminate duplicate applicant encoding.
- Architecting a Django/Python and PostgreSQL platform with company/client-scoped permissions and 3-tier approval workflows, controlling access to sensitive records and governing employee data changes and separations.
- Automating attendance and overtime computation for an operation serving 50+ client companies, using GPS/geofencing, photo audit capture, and Timekeeper review to eliminate manual attendance re-encoding and standardize record validation.

EDUCATION

MAPÚA MALAYAN COLLEGES LAGUNA Cabuyao, Laguna
Bachelor of Science in Computer Science Aug 2023 – Oct 2027
Specialization: Machine Learning
Current Cumulative GWA: 1.1775
President's List 2023-2026; Full Academic Scholarship 2023-2026
Relevant Coursework: Software Engineering; Machine Learning; Data Structures and Algorithms; Web App Development

ACTIVITIES

MAPÚA MCL ACM STUDENT CHAPTER Cabuyao, Laguna
Research & Development Committee Chair Jun 2024 – Jun 2025

- Led weekly peer mentoring sessions and organized programming workshops, competitive training, and coding competitions to strengthen members' technical and problem-solving skills.
- Oversaw the maintenance and development of the chapter's website and mobile application.
- Collaborated with committee members to plan technical initiatives and develop learning opportunities aligned with the chapter's goals.

MAPÚA MCL CCIS STUDENT COUNCIL Cabuyao, Laguna
Board of Directors Jun 2024 – Jun 2025

- Managed merchandise product planning, supplier coordination, and budgeting to ensure efficient operations.
- Led merchandise promotion and sales initiatives to drive student engagement and revenue.
